Anyone have any ideas.. i have this same issue and for some reason i cannot get the Audio volume bar to go past 50% and the window won't close when i close it.. i get a sound ball bouncing at the top of the screen when it shuts down. apple don't push Leopard on everyone yet. they only want it on the apple VIP's and they are not the majority of Mac users. if apple still did this to.. "AnyDVD HD" is available in two versions. One of the versions is available only as a fully legal licensed download. This provides you with great legal security. AnyDVD HD Edition has a trial

period of 30 days. If you like.. When you run Windows Update, you can get the new security patches right away. If you need to install an older version of Windows, you can use Windows XP Mode on Windows 7. It runs as an "appliance" on your Windows 7 PC so you don't.. AnyDVD HD V.
